

INTRODUCTION

B. Braun claims "Sharing Expertise" on innovative product and solutions in medical treatments and surgical techniques leading to the "Heart Pathway". Heart diseases are increasing level of complexity, and targeting for the most effective operative choices. The meeting aims to discuss in an interactive way the decisional work-flow for effectiveness solutions in terms of efficacy.

Scientific Directors:

Ernesto Greco - Roma

Antonio De Bellis - Maddaloni

Faculty:

J.L. Pomar - Barcelona

F.X. Kleber - Berlin

G. Valva - Maddaloni

F. Baldascino - Maddaloni

A. Caruso - Maddaloni

G. Di Gianmarco - Chieti

V. De Amicis - Napoli

R. De Rosa - Napoli

L. Fimiani - Maddaloni

T. Hinna Danesi - Vicenza

G. Martinelli - Novara

F. Grigioni - Bologna

F. Grimaldi - Maddaloni

G. Iannelli - Napoli

P. Landino - Maddaloni

M. Manzi - Abano Terme

G. Sepolvere - Maddaloni

C. Tedeschi - Napoli

L. Tritapepe - Roma

For the entire duration of the event all the participants will have the opportunity to test in vitro the entire range of BBRAUN® Medical Devices distributed for Interventional Cardiology, Interventional Radiology and Cardiac Surgery.

The "Heart Pathway"

B. Braun Sharing Expertise on Heart Disease Management

Maddaloni - Caserta
15/16 June 2018

SCIENTIFIC PROGRAMME

Friday 15th of June 2018 a.m.

10:00 Welcome and Introduction
A. De Bellis E. Greco

*I° Session on Heart Pathway :
 Coronary Artery disease in the current era*

Chairman : J.L. Pomar; F.X. Kleber

10.30 CT Scan and Coronary Artery Disease
 Early Diagnosis – **C. Tedeschi / R.De Rosa**

10.50 Any changes in European (ESC – EACTS)
 guidelines on CAD?
F.X. Kleber

11.10 PCI versus Surgery in diabetic patients
P. Landino

11.30 OPCABG Surgery and Arterial
 Revascularization in the XXI century:
 The Real World – **G. Di Giammarco**

12.00 **Live Session:** Off Pump CABG using
AESCULAP FlexHEART: New Pneumatic
 Technology of Coronary Artery Stabilizer
A. De Bellis / L. Fimiani

12.45 How to train a young Cardiac Surgeon
 on Myocardial Revascularization in the
 XXI century – **G. Iannelli**

13.05 Clinic Case Decision Making on
Coronary Artery Diseases : Round Table
Moderator: G.Iannelli / F.Petrazzuoli
Participants: J.L. Pomar, F.X. Kleber,
 A. De Bellis, G. Di Giammarco,
 P. Landino, G. Sepolvere

13.30 Light Lunch

Friday 15th of June 2018 p.m.

*II° Session on Heart Pathway :
 Valve Disease: Identifying the best choice*

Chairman: G. Iannelli; A. Caruso

14.30 Mitral Regurgitation: when and why
 to treat the pathology
F. Grigioni

14.50 TAVI: New Insight, how and where
G. Martinelli

15.10 Contemporary Echocardiography
 like a stethoscope: unique tool
 for several different specialities
G. Tritapepe

15.30 Minimally Invasive and 3D video
 assisted Mitral Surgery :
 Surgical features of **AESCULAP**
3D NATIVE Einstein Vision®
E. Greco

15.50 New Insight on Mitral Percutaneous
 Therapy versus Surgical Approaches
T. Hinna Danesi

16.10 Clinic Case Decision Making on
Valve Diseases : Round Table
Moderator: F. Grigioni / E. Greco
Participants: J.L. Pomar, G.Martinelli
 L. Tritapepe, M. Grimaldi, F.
 Baldascino, A. Caruso, G. Valva

17.00 End of the Day

Saturday 16th of June 2018 a.m.

*III° Session on Heart Pathway : Interventional
 Strategies on Atherosclerotic disease*

Chairman: V. De Amicis; G. Valva

09.00 PCI inovations in CAD : OCT IVUS
 Rotablator with Scoring Balloon **NSE**
Alpha® – P. Landino

09.20 DEB with Paclitaxel or Sirolimus?
SeQuent®Please Neo treating CAD:
 The Promising Strategy – **FX. Kleber**

09.40 Hybrid Room and Integrated Approach: The
 technology of the future
F. Baldascino

10.00 Live Session on Complex Calcific Lesions
 with Carbon Dioxide Angiography :
Vascuflex MultiLoc & SeQuent® Please
OTW – M.Manzi / P.Landino

11.40 Spot Stenting and Combination Therapy
 SFA-POP lesions:
Vascuflex MultiLoc & SeQuent® Please
OTW – Video Session – M. Manzi

12.00 Critical LIMB Ischemia in diabetic patients
SeQuent® Please OTW
M.Manzi/ P.Landino

12.30 Discussion & Box Synthesis:
 Take home a message
